PUBLIC SALE

Jerseys, Durhams and Holsteins

Two Carloads Two
Will Be Sold At WAUSEON, OHIO At Condensory Barns
Saturday, November 15, 1913
Sale Beginning at 1:00 Sharp

The people in and around Wauseon will, for the first time, be offered the complete herd of Earnest Kneeb, put in the sale ring owing to the floods of last spring and the poor corn crop on our bottom land. The soil was all removed by the flood near Dayton, O. Kneeb Herd consists of one carload of Jersey Cattle, most of them fresh or close up springers; they are fruit of twenty years raising; dams were mostly all registered but papers not kept up, but all ways had a registered bull at head of herd. I have a few heifers in this lot that were granddaughters of Fly Fox, the celebrated \$7,000.00 bull, owned and imported by Tom Lawson. They are all bred and true to the type of the famous (Tormontor) strain. They will merit the attention of anyone interested in Jersey Cattle. My herd as a whole test 5.03 butter fat; have one cow that will make 14 pounds butter seven days for four months and average of 9 pounds balance of time until freshening. She is a good one. Also have one Registered Jersey cow fresh a few days and one registered heifer. Amanda Hawley, 228494, calved July 10, 1907. She is a good one, a perfect model; also one nice yearling heifer calved April 1, 1912. Sired by Night Owl 9th, 90889 and Dam Daisy Estcourt 2d, 242966.

FOR DOMESTIC ANIMALS
Horses, cattle and sheep are liable to sores, sprains, galls, cuts, bruises and cuts, and Hanford's Balm of Myrrh is the standard remedy for such cases. When you consider how valuable your stock is, having the Balm always on hand for them is a cheap form of insurance.

PIKE
The Fulton County Horticultural and Floral societies were entertained at the home of Chas. Hayes Thursday. An interesting meeting was held; the dinner was one of the old time grand style such as the grangers of Pike used to give. After the dinner hour the meeting was called to order by Tress O. O. Walters, of Fulton township. Chas. La Salle gave a short talk along the line of health and care of the body; this talk brought quite a discussion by C. A. Hayes, T. J. Halsey, Mrs. A. J. Koese, Mrs. C. Weh, J. M. Sindel and others. Recitation was then given by A. J. Koese, which was well applauded. Officers of Horticultural society were elected as follows: President, O. O. Walters; first vice president, T. J. Halsey; second vice president, C. A. Hayes; third vice president, Sam Elton; secretary, Chas. La Salle; assistant secretary, H. B. Richardson; treasurer, Chas. Weh; executive committee, W. B. McClarren and wife, A. A. Chatfield and wife and Carl Watkins and wife. Officers of the Floral society elected were: President, Ernie Sharp; first vice president, Mrs. C. Weh; secretary, Mrs. H. B. Richardson.

ALCOHOL FOR AUTOMOBILES
The Challenge Oil & Paint Company, Toledo, Ohio, issue a folder showing "Frost Proof" Oils for Winter use for farm and automobiles. Their TWO-IN-ONE Alcohol is also a folder showing keeps cooling water from freezing, cleans out all dirt and scale, and is approved by leading engineers. Write for free literature. Season cost \$3.50, including Beams Hydrometer for testing. This would look like cheap insurance. They also want an automobile owner to have the spare time who could look after their business in this locality. It might be well to write them if interested.

What Your Money Buys Here

Whatever you buy here, be it a Wooltex coat or suit, an article of fur, a dress, waist or skirt—it represents in actual intrinsic value the full worth of your money.

Comparison with similar articles sold elsewhere in this city will invariably prove that our prices, when values are considered, are the lowest obtainable.

Then there is the additional advantage of selecting here the very latest word in style, for certainly there is no other style organization producing such authoritative garments as Wooltex.

For this wonderful styling ability we make no extra charge, and yet when your friends see you in a Wooltex coat or suit they give you credit for having paid many times more for it than you really paid.

Winter Time is Victor Time

These chilly days and evenings—with Sundays, Holidays and other festive occasions in vogue—the Victor is at its best. It adds charm to your entertainment of visitors as well as giving that real home feeling when alone with your family. Nothing more pleasant than to pass some time with the Victor these fall and winter days. New records coming every day—come in and hear them. Better plan on a machine for Xmas. Terms to suit you so that you'll hardly know you have bought one.

A MATTER OF HABIT.

Many people inherit a tendency to trade in the same place just because their forefathers have—that's all wrong. In this day of progressiveness, when everyone look out for their own best interests, you should look around, compare assortments, styles, values given. That's what we want you to do. If more would do this we know our business would grow still faster than it has been.

WE ARE MIGHTY PROUD

Proud of the style, proud of the quality, proud of our ability to fit perfectly the feet of any man, woman or child. And especially are we proud of the prices which mean so much shoe value for so little money.
